13 - AI Code Generation
17 - Training
23 - Environmental Sustainability
25 - Digital Research Technical Professionals
38 - Geoscience
42 - SSI Fellowship
43 - Career Development

Stage

Each table has been assigned a topic. Attendees can sit at any table with a topic they're keen to discuss, to meet other attendees with at least one shared interest. You're not required to talk about the topic all night, but hopefully it helps get the conversation started.
